

At Premier Merchants Group, we are dedicated to providing our customers with the ATMs and support they need to make their business successful. To help you create an ATM program that best meets your needs and budget, we have developed the following ATM programs which you may want to consider.

1) FREE ATM Placement:

Premier will provide the location with the ATM, maintenance, plus supplies and the location is responsible for the communication, power supply (standard 110v outlet), and cash loading. This program is set up so that you do not have to spend any money out of pocket for the ATM. The location will provide the cash and the surcharge revenue is split between the store owner and Premier – earning you income on all surcharged transactions starting with the first transaction.

2) Purchasing an ATM:

If you prefer to purchase an ATM, Premier will help you select the ATM that best fits your needs, sell it to you at our cost, and pay you surcharge revenue. Prices vary by model and accessories selected (such as dispenser type, dial locks or electronic locks, etc.).

3) FULL SERVICE:

Want to take the service up a notch? Premier will take care of 100-percent of your ATM program, which allows you to focus on your store's profits and provide your customers with a reliable ATM program. With our Full Service Program, we will provide the ATM, cash, maintenance, ATM monitoring, supplies and anything else that comes up. You just relax and Premier will take care of the rest.

Thank you,

Kurt Karjalainen, Trevor Charbonneau, and Seth Blank
