

# Premier Merchants Group's Retail ATM Program

Premier Merchants Group understands how important it is to provide you with the best products and services for your business, and in turn, for your customers. As such, we've joined forces with the nation's largest non-bank ATM processor Payment Alliance International to bring you a new service you can offer your customers. Or, if you already have an ATM, a more efficient and more profitable ATM partner.

## Why choose Premier?

### Features:

- Transaction processing
- EMV ready
- Maintenance and service
- Remote Monitoring Service for Genmega and Tranax ATMs
- Online real-time access to reports
- Wireless service is available
- Reg-E handling and back office services
- Free installation and training
- 24/7 technical support

### Benefits:

- New revenue streams
- New, advanced ATM that provides functionality, performance, and reliability
- Branding/advertising opportunities

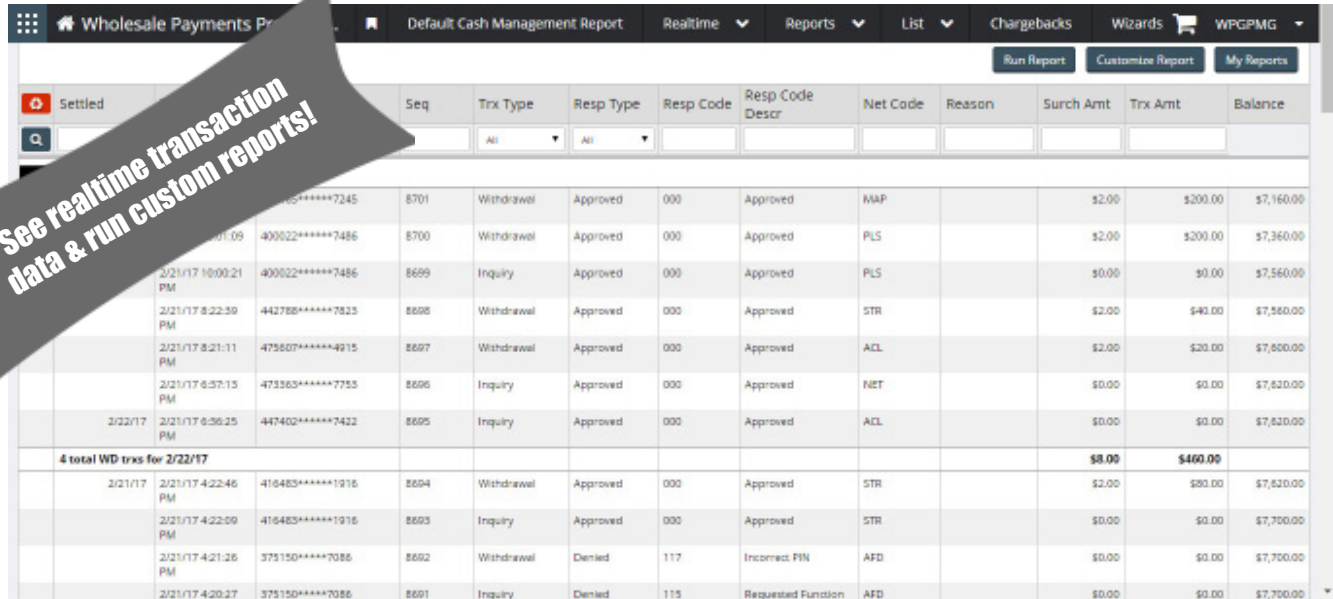

## Already own and operate your own ATM(s)?

If you currently own and operate your ATM(s), we can drive those transactions for you -- more efficiently and profitably. Let our dedicated and knowledgeable team create a customized and profitable solution for you today!

# Unparalleled Support and Online Reporting

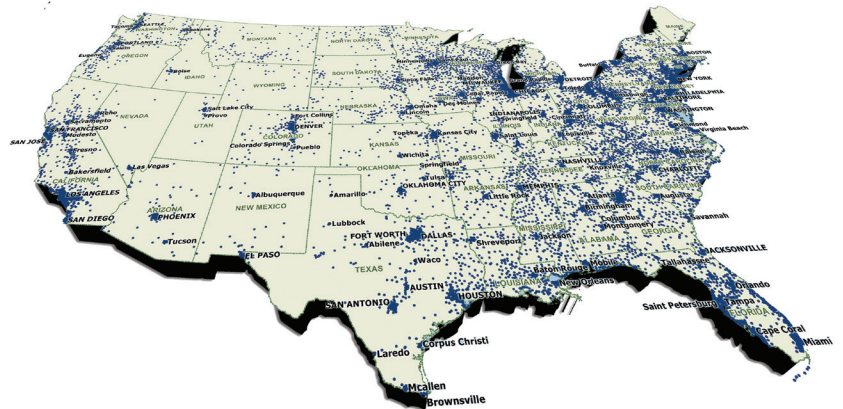

Rest assured, our top-notch ATM technicians are certified by each equipment manufacturer and can be reached 24/7 via our toll-free service center. All Payment Alliance International (PAI) customers are provided with real-time access to their ATMs via our state-of-the-art PAI Reports web portal. With PAI Reports, you have access to data that will help you monitor, report, and reconcile daily, monthly, quarterly, and yearly transactional activity. And if you can't access the portal from your computer, you can receive alerts and access data directly via your smart phone. The incomparable PAI Reports portal is easy to use, is continually enhanced with new functionality, and provides instant access to essential data you need to run your business profitably.
