Fuel Payment Processing Precision

Technology

At PMG, we constantly research the latest payment innovations for the oil and gas industry. We bring cutting-edge technologies to you so you can focus on what you do best. We offer loyalty card programs, gift cards, check guarantee, Datawire, Systech, and web-based reporting. We support major equipment manufacturers including Verifone, Gilbarco, and Dresser-Wayne.

Lowest Pricing, Unmatchable Service

Premier Merchants Group prides itself on saving you money on each and every transaction at your pumps. We offer some of the lowest credit card pricing in the oil and gas payment processing industry. PMG uses Interchange Plus pricing to ensure merchants a transparent pricing model. As a collective unit, PMG strives to exceed expectations with a motto to “under-promise and over-deliver” in everything we do.

Card Security & PCI Compliance

Card data security is crucial when accepting payments. PMG ensures its customers are compliant with PCI Data Security Standard (PCI DSS), keeping systems secure, and maintaining customer trust.
