

# Can your ATM do this?

Every ATM can dispense cash, do balance inquiries, and perform transfers, but our ATMs do so much more! Better yet, all these programs are revenue produces with no extra cost!

## Dynamic Currency Conversion

Our ATMs convert foreign currencies into U.S. dollars so your traveling customers know how much money they withdrawal in their native currency. Plus, you make an extra 1% of what they withdrawal on top of the ATM surcharge.

## Surcharge Segmentation

Our ATMs allow customers to withdraw cash using a credit card. Plus, you can charge an extra fee to make more money!

## Other Perks by processing with Premier Merchants Group

- Surcharge deposited next-business day.
- ATM reporting portal for computer and mobile phone.
- Free technical support.
- No long contracts.

## Bitcoin

Want a Bitcoin ATM? We do a simple software update so your ATM can now sell Bitcoin and you can make money off each Bitcoin transaction!

## Remote Monitoring Service

We can update software, add customized ATM screens like your company logo, pull journals, and improve ATM uptime with our remote monitoring service.

## Cardless transactions

Our ATMs can do cardless transactions including Mastercard Cash Pick-up and Popmoney.
